

# NATURAL SCIENCE SUMMER CAMPS

---

July 10 – 14, 2017 | Students entering Grades 6 – 8

July 17 – 21, 2017 | Students entering Grades 4 – 5

July 24 – 28, 2017 | Students entering Grades 1 – 3

DEAR PARENT OR GUARDIAN,

Attached you'll find application materials for our 2017 Natural Science Summer Camps. We are seeking students who have good behavior and a strong interest in nature and science. If your child loves the natural world and is respectful of others, then this camp is the perfect fit! Our camp activities are led by certified and experienced environmental science educators; the teacher-student ratio is 1:6. This is a wonderful opportunity to experience fun, science-based activities outdoors in a supportive environment.

Please note: There is one question for your teacher to answer on the application regarding your child's behavior. Please thank your teacher for taking his or her time to answer this question; this information is very helpful for us!

Once you and your child have completed the application, please mail it, along with tuition payment (\$245.00 per student) to the post office box address below. We'll need to receive your application and payment on or before Monday, June 5, 2017. Space is limited (12 students per session), so register early to guarantee your child's place at camp!

If you would like to apply for a need-based tuition scholarship, contact me at the number or email below to request a scholarship application. One full and two half-tuition scholarships will be awarded for each camp session. Scholarship applications will be reviewed on a first-come, first-served basis.

*Please note: Submission of an application and payment do not guarantee placement in our camp. Campers will be notified of acceptance within five business days of submitting an application.*

WE LOOK FORWARD TO THE POSSIBILITY OF EXPLORING NATURE WITH YOUR CHILD THIS SUMMER!
